

SORINEL BOZA

Personal statement

I am an intense, results-oriented, self-starter whose drive and sense of urgency are tempered and disciplined by his concern for the accuracy and quality of his work. My approach to anything I'm doing or I am responsible for will be carefully thought-out, based on thorough analysis and detailed knowledge of all pertinent facts. I'm strongly technically-oriented and I have confidence in my professional knowledge and skills to get things done quickly and correctly. With experience, I have developed a high level of expertise in my work and I am very aware of mistakes made either by myself or anybody doing work under my supervision. I'm taking my work and responsibilities very seriously and I expect others to do the same. Imaginative and venturesome, I am a creative person, capable of developing new ideas, systems, plans or technology, or of analysing and improving old ones. I relies primarily on his own knowledge and thinking, with little reference to others, to get things done. I set a high, exacting standard for myself, and generally finds that others do not meet that standard

Key Skills

- I am extremely loyal and committed (I was working 20 years in the same company)
- Highly results driven
- Enthusiastic and dynamic
- Good motivator
- Strong people leadership
- Hard worker, hands-on
- Turnaround manager
- Role model
- Can face difficult situations
- Strong energy
- Field oriented
- Venturesome, can take risks
- I have a global view and transversal on the plant I manage
- I am a change agent who is not afraid to vigorously attack difficult organizational issues

In a management role, I will most strongly express the following behaviours:

- Both broadly focused and tactically cognizant; global thinking is the first priority moderated by a drive for details, accuracy, and correctness

- I am a self-reliant and independent with a great deal of confidence in my ideas, opinions, and knowledge; I'll have define opinions about how things should be done and prefer at least some hands-on knowledge of what I manage
- Fast paced and eager for results, tempered by a drive to ensure accuracy and completeness; I interpret deadlines literally and drive my team hard to meet them
- Slow to trust others until they have produced accurate, timely results consistently
- Demanding, creative, and exacting; always striving to do things better, faster, and with greater precision; I'm focused more on solving problems than celebrating or praising solutions

Employment History

OPERATIONS DIRECTOR, IMERYS GROUP FRANCE
